TD-190 Low PH Touchfree Pre-Soak

TD-190 is a unique, low pH presoak for use in two-step frictionless carwashes. TD -190 is usually applied before the alkaline presoak TD-120 in a 2-step process. The combination of these two products helps to overcome some of the most demanding cleaning scenarios.

Features: • Safer than most low pH presoaks • Safe to use on any vehicle surface • Helps with challenging cleaning issues
